

## ASCO23 RAPID HIGHLIGHTS WEBINARS

### Official 2023 ASCO® Annual Meeting Research Highlights by Topic

These rapid, tumor-specific, online programs enable oncology professionals to quickly digest the most practice-changing science from the 2023 ASCO Annual Meeting—the premier global event in oncology.

Programs start with attendees viewing one of the 15 tumor-specific highlights presentations from ASCO23 led by world-renowned faculty and highlighting the most clinically applicable science. This is followed by Expert-led discussion to bring additional clinical context and insights to the territory-specific or regional audience.

### Benefits of ASCO23 Rapid Highlights

Cuts through the noise to enable the audience to digest the most impactful data from the Annual Meeting, without delay

Saves time and effort in recreating highlights or summaries – the official highlights are already ready to go

Additional expert insights tailored to provide context to a clinical audience

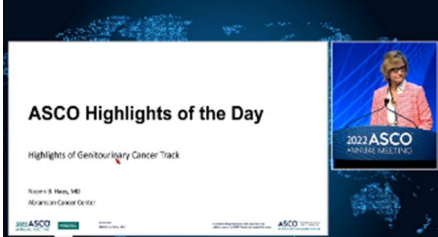

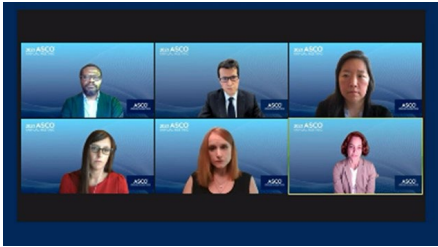

Concise, tumor-specific approach to keep the audience engaged

Programs can take place as early as June 5th 2023 so register your interest now! Contact [asco@springer.com](mailto:asco@springer.com) to discuss sponsorship options today.
